QASHQAI

FIRST CLASS is the only way to describe the new Nissan QASHQAI, redesigned and refined to offer you top-level comfort and a smarter, more sophisticated ride through urban life. At Nissan, we call it the premium **CROSSOVER EXPERIENCE**.

Features and specifications can change depending on market requirements. Please consult your local dealer.

THINK IN SYNC MOVE INTO A NEW ERA

Nissan Intelligent Mobility redefines the way we develop, drive, and integrate cars in our environment, bringing you closer to the new **Nissan QASHQAI** so your journeys are safer and more exciting. We make your journey more personal and motivating through its advanced connectivity technologies, and we improved the experience behind the wheel, making the world a better, cleaner, and safer place day after day.

BRAND NEW ADAPTIVE FRONT LIGHTING SYSTEM (AFLS)

See more in the dark: the system automatically turns on the beams at twilight or when you enter a tunnel or underground car park, and turns them off when you stop. At nighttime, AFLS controls the light distribution to improve your visibility, whether you're meandering home down a long and winding road or turning at a crossroads downtown.

Features and specifications can change depending on market requirements. Please consult your local dealer.

UPSCALE DOWN TO THE LAST DETAIL

Sleek new LED headlamps.

Redesigned alloy wheels.

New taillights with reinforced structure.

Latest Nissan family identity with "V-motion grille".

New "shark fin" antenna.

Premium finishing touches.

SLEEKER LOOKS SMARTER DESIGN

It's never looked better, or felt better. The new **Nissan QASHQAI** has an amazing variety of style innovations, a new headlamp design, 19" alloy wheels, and a totally redesigned front grille. The new **Nissan QASHQAI** is more sophisticated and dynamic than ever.

Features and specifications can change depending on market requirements. Please consult your local dealer.

DELUXE QUALITY AND COMFORT

Sporty, yet premium D-shaped steering wheel.

Panoramic glass roof.

Lumbar support with 2 positions.

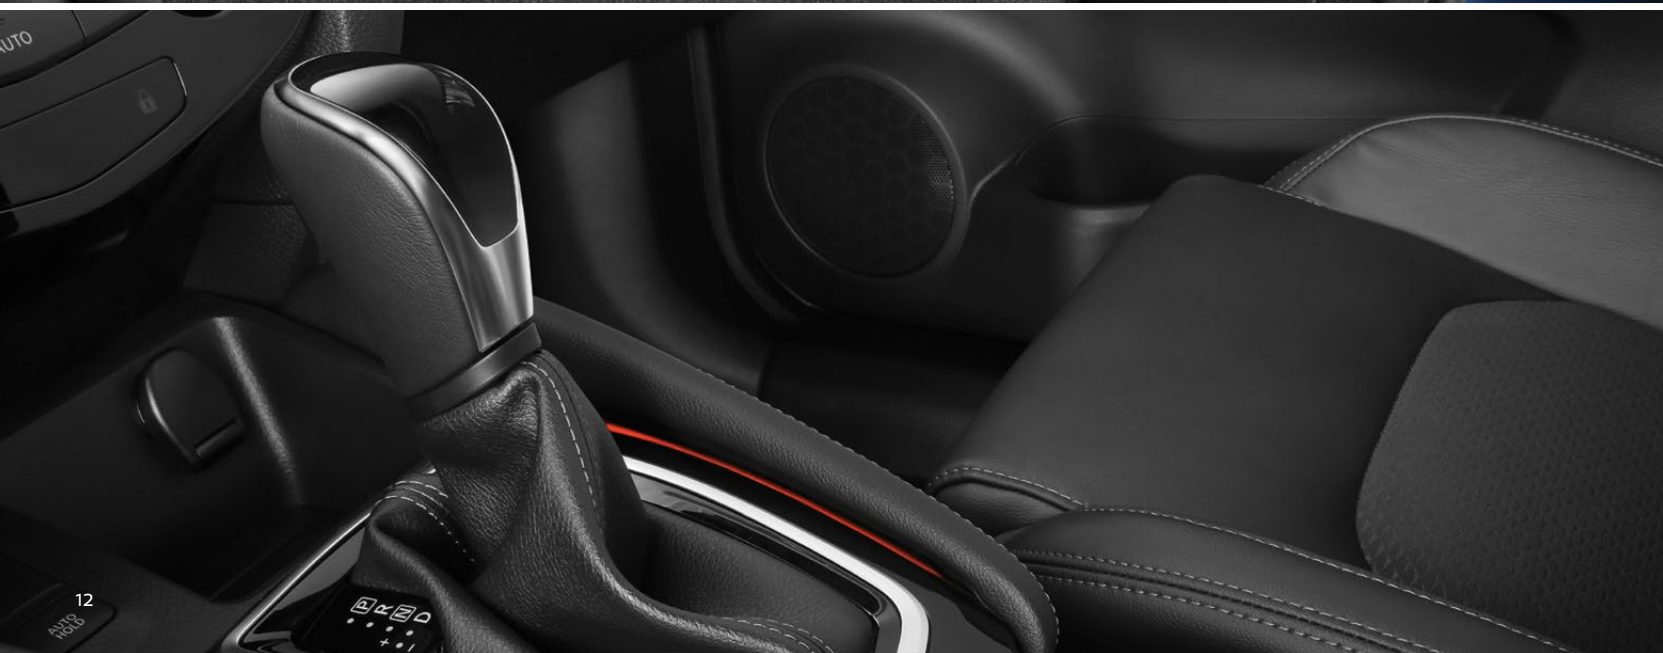

Heated front seats.

FINE-TUNED TO PERFECTION

Take control with confidence behind the sporty, yet premium, new steering wheel while **Nissan QASHQAI's** panoramic roof offers you excellent illumination.

Features and specifications can change depending on market requirements. Please consult your local dealer.

MORE ACTION LESS DISTRACTION

New **Nissan QASHQAI's** Advanced Drive-Assist Display puts all your info right in front of you just toggle between the screens using the steering wheel controls.

CHASSIS CONTROL

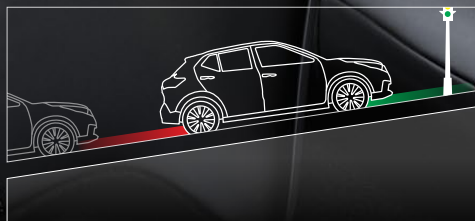

RESERVE THOSE SEATS

The new Nissan Qashqai has the new monoform seats style, with its renovated design with part leather, part cloth, you will have a comforting experience in every journey.

SBS AIRBAG

STAND STILL ASSIST

It keeps you stable downhill without having to use the brakes.

Features and specifications can change depending on market requirements. Please consult your local dealer.

SPACE AND COMFORT AT THE SAME TIME

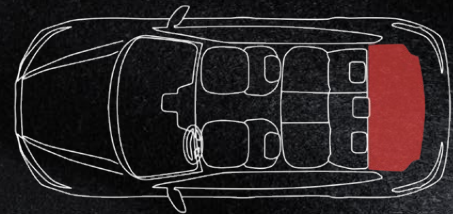

We expanded your view, there is always room for one more. Fold one of the back seats or turn it into floor to pack bulky items. Use the spacing storage to avoid making a mess.

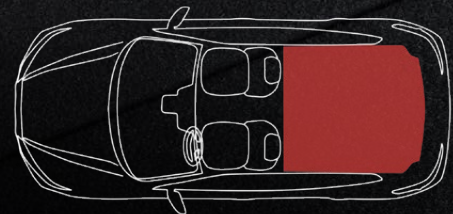

Nissan's divide-and-hide cargo system with adjustable shelves and dividers offers a variety of configurations. The trunk cover will allow you to hide objects, a bucket-type glove box and phone-holder with USB/12V power sockets and a twin cup holder come in very handy.

430L BOOT SPACE

1,598L WITH FOLDED SEATS

Features and specifications can change depending on market requirements. Please consult your local dealer.

ENJOY THE PANORAMIC VIEW

Parking and moving around is easier now thanks to **Nissan Intelligent Around View Monitor** that has four cameras that provide you with a 360° view of your new **Nissan QASHQAI** with close-ups of the front, back and side parts so you can be more aware of your surroundings.

Moving Object Detection (MOD) has sound alerts that let you know if there is an object moving around you. The systems lets you park smoothly, making each move easier and more precise.

RIGHT ON THE NOSE.

In Drive, the display gives you both a front and overhead view, so you know just how far to pull up without going too far.

COMPLETE THE PICTURE.

Located under your driver's side mirror, this camera helps round out your virtual 360°, whether you're in Drive or Reverse.

SPARE YOUR WHEELS.

In Drive or Reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the curb.

BACKGROUND SAVVY.

In Reverse, the display helps you see what's directly behind you, while the overhead view helps with smaller objects that might be hidden below your window.

DRIVE EVEN MORE LIKE A PRO

Every move you make is more precise, every turn you take is more fluid, every journey you embark on feels better thanks to Nissan's chassis control technologies.

INTELLIGENT ENGINE BRAKE

Go easy. By adding engine braking, this technology minimizes your effort when cornering or braking for a more serene and comfortable drive.

INTELLIGENT TRACE CONTROL

Keep cool when cornering. This system adjusts brake pressure on individual wheels to help keep you on an optimal line through turns.

INTELLIGENT 4X4

Power those wheels. The Intelligent 4x4 system maximizes tyre traction when and where you need it. It measures wheel slip off road and on and instantly distributes up to 50% torque to the rear wheels if required.

INTELLIGENT RIDE CONTROL

Don't worry, you're not in for a bumpy ride! Over rough terrain, this system applies subtle braking to make your journey as smooth and comfortable as possible.

NISSAN  INTELLIGENT **MOBILITY**

AN ENGINE THAT MATCHES YOUR PERFORMANCE

Efficiency that complements your driving style, choose the 2.0L gas engine with Continuously Variable Transmission (Xtronic® CVT) in standard mode with 6 speeds to get a good acceleration that offers you a maximum performance.

CHOOSE YOUR ACCESORIES

A. Inside Mirror with Navigation System*

Get the best directions to get to your destination with the help of the Navigation System that is integrated to the inside mirror.

The new **Nissan QASHQAI** takes you wherever you want thanks to its advanced technology.

B. Wheel locknuts

Always feel safe. The locknuts protect the rims and the wheels of your new **Nissan QASHQAI**.

C. Emergency Kit

The emergency kit of the new **Nissan QASHQAI** will be your best ally in any unexpected event that crosses your way.

10 REASONS TO CHOOSE THE NEW NISSAN QASHQAI

The **panoramic glass roof** will provide you with the best views during your journeys

Safety and precise movements thanks to **Nissan Intelligent Around View Monitor with Moving Object Detection**

Equipped with **Nissan Intelligent Mobility safety technologies** to give you more protection in each journey

The Advanced Drive Assist Display with a 5" screen and controls at the steering wheel will keep you connected at all times

Intelligent 4 x 4 will give you control and balance even in the toughest roads

Eco Mode improves fuel efficiency and helps control driver's acceleration

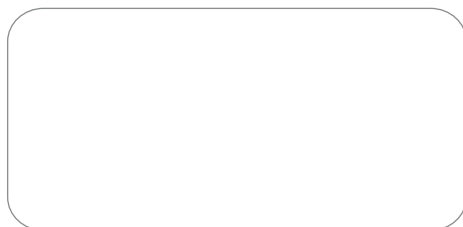

19" alloy wheels with new design

The front and rear closeness sensors let you know if there is an object nearby

Start your journey by just pressing the **iKey® & Push Engine Start**

LED headlamps with adjustable lighting that adapts to natural light conditions

Features and specifications can change depending on market requirements. Please consult your local dealer.

NISSAN INTELLIGENT MOBILITY

Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected and exciting. Whether it's cars that share the task of driving with you, or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.
